Missionaries of the Week

☞ **Earl & Joyce Koon, Australia**, report that their grandson, Nathaniel, age 26, was badly hurt in a car accident November 29, in North Carolina. As of the Koons' latest prayer letter, he has not regained consciousness and was moved to Atlanta in early January for more intensive treatment. Nathaniel is the son of their daughter BethAnne. You may remember that the Koons' son Tim suffered a stroke and was paralyzed on his right side last August, so Earl and Joyce and their family have certainly had a lot to deal with lately. They testify of God's grace and faithfulness to them in these trials and ask us to pray for strength and encouragement as they wait on God regarding His will for the future. They have been planning to take a ministry trip to Australia in April but will not book those tickets until they see a marked improvement in the conditions of both their son and grandson.
