Missionaries of the Week

☞**Jack & Dot Moorman, England:** Jack has been diagnosed with encephalitis, has been hospitalized for more than a month, and is not doing very well. Dot writes, "On November 22, we were married for 55 years, and this is the first time he has been in the hospital...in all that time. Though he is confused on some things—not on the Lord. He has been in two hospitals and is now at Atkinson Morley Neurology Hospital...Everyone on the ward knows that he is a believer...he has a sweet spirit and is trusting the Lord." A week later, she wrote, "...his condition has deteriorated. He has now been placed on anti-seizure meds and is not able to communicate. Jack and I believe in Romans 8:28, and even in his confusion, he says, 'God knows,' and I believe it with all my heart though I'm not very strong at the moment." Let's pray earnestly for both of them.
